

## OPTION 1

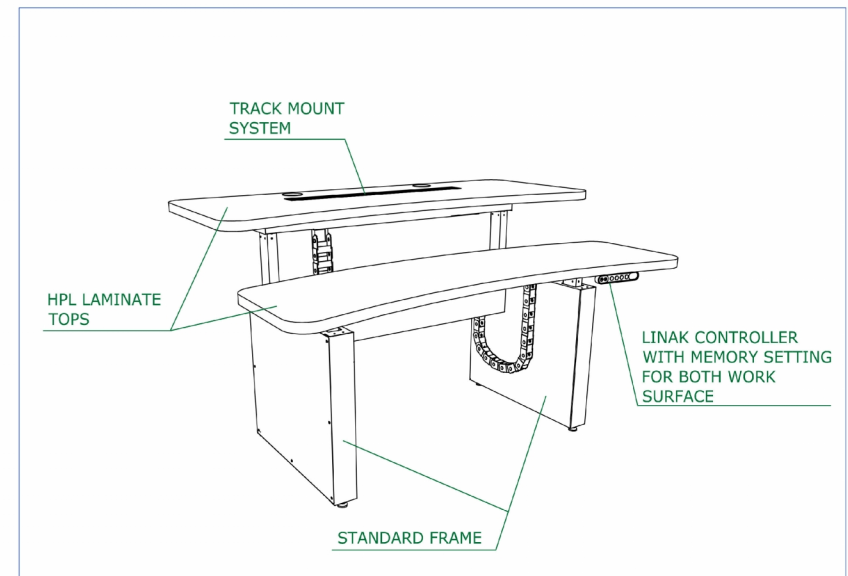

### Height adjustable system:

- 4 LINAK DL6 motors with PIEZO technology
- Compact 3-part lifting column
- 2 Control panels with memory control
- low noise level.
- The power consumption in standby mode is only 0.1W
- PIEZO™: Integrated sensor minimizing the risk for damages on a desk caused by squeezing or blocking it in upward or downward direction
- Color: Silver/Black

\*5 years warranty on LINAK DL6 products

### Features:

- Standard frame with track mount
- HPL Laminate Tops
- Full Cable Management Chanel W/Cable chains
- LINAK controller with memory setting for both work surface

## OPTION 2

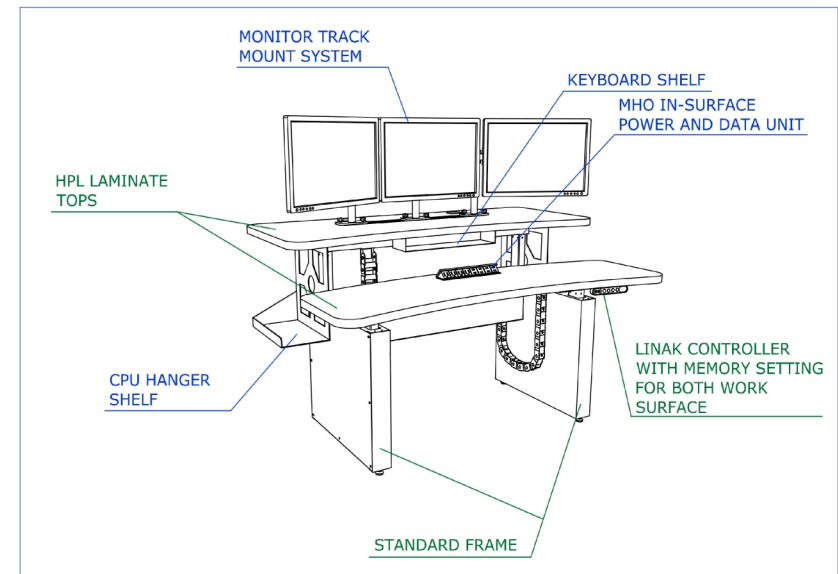

### Height adjustable system:

- 4 LINAK DL6 motors with PIEZO technology
- Compact 3-part lifting column
- 2 Control panels with memory control
- low noise level.
- The power consumption in standby mode is only 0.1W
- PIEZO™: Integrated sensor minimizing the risk for damages on a desk caused by squeezing or blocking it in upward or downward direction
- Color: Silver/Black

\*5 years warranty on Height Adjustable products

### Features:

- Standard frame with track mount
- HPL Laminate Tops
- Full Cable Management Chanel W/Cable chains
- LINAK controller with memory setting for both work surfaces
- MHO In-Surface Power and Data Unit
- CPU Hanger Shelf
- Keyboard Shelf
- Monitor Mounts

## OPTION 3

### Console Management Systems:

Micro Environments (Model ME200) console management systems are attached to a personal work surface and combine environmental control, lighting control and lift functions inside a single unit. This desktop management system features a non-fixed controller, allowing users the flexibility to position the controller anywhere on their desk.

### Features:

- Standard frame with track mount
- HPL Laminate Tops
- Full Cable Management Chancel W/Cable chains
- 2 LINAK controllers with memory setting
- MHO In-Surface Power and Data Unit
- CPU Hanger Shelf
- Keyboard Shelf
- Monitor Mounts
- Task Lights
- Air Innovation Personal Environment Control

### Standard Features:

- Adjustable louvers allow air to be directed at the user
- Forced air heating –variable output
- Non-fixed controller for user placement convenience
- Variable speed cooling fan
- Integrated LINAK leg lift control
- Task light dimming
- Optional motion sensor that shuts down fan, heater and task lighting after ten (10) minutes of inactivity
